Course Curriculum

Bible Training

This class can add a spark into your own spiritual life as it seeks to enable you to be able to reveal and share with others the way of salvation. It incorporates the study of Bible prophecy, the sanctuary, church history, righteousness by faith, how to study the Bible, how to give biblical health presentations and door to door witnessing.

Topics include:

- The Life and Teachings of Jesus
- Bible Doctrines
- Foundation of the Three Angel's Messages
- The Sanctuary
- Righteousness by Faith and The Latter Rain
- Understanding Bible Prophecy
- How to Study the Bible
- How to Rightly divide the Word of Truth (Giving Bible Studies)
- Principles of True Education
- Evangelism and City Missions (All students are required to participate in all evangelistic efforts)
- Understanding Your Purpose
- Biblical Response Therapy
- History of medical missionary work.

Ministry of Healing

This subject is designed to aid students in examining and exemplifying the life and ministry of Jesus, the Greatest Medical Missionary that ever lived. Special emphasis is given to Christ's method of reaching the heart by meeting the physical needs of mankind. Furthermore, the student will learn of the intricate relationship between health and morals.

Topics include:

- Role of Health in the Plan of Salvation
- Christ Our Example
- Biblical Principles of Medical Missionary Work
- f Health

- Our Call to Gospel Medical Missionary Work
- What is Gospel Medical Missionary Work

God's Nutrition Plan

Students will explore principles of nutrition by studying biblical and scientific reasons for a plant-based diet and the relationship between diet, spirituality and health. In addition there are hands-on cooking (and tasting) classes. Classes will be given on the preparation of plant- based foods that are healthful, affordable, and simple to prepare. Topics include:

- Reasons For Reform
- Diet And Spirituality
- Nutritional Needs And Deficiencies
- The Biblical Classification of Foods
- Menus And Meal Planning
- Cooking and Raw Food Preparations
- How to conduct an Evangelistic Cooking School
- How to give Gospel of Health Lectures
- How to read labs

Natures Remedies

Principles and application of nature's medicinal agencies such as herbs and foods. These classes will present a simplistic approach to herbs and teach a variety of ways that they can be prepared to work in conjunction with the Great Physician. Topics include:

- Viewing Scriptures from the Eyes of a Medical Missionary
- Disease and Kitchen Remedies
- Knowing and Identifying Your Herbs
- How to Administering Herbs
- Herbal Preparations such as: Poultices, Tinctures, Teas, Cancer and More
- Suturing
- Making Your Own Products

Hydro Therapy Massage Therapy

Students will learn about the simple methods and benefits of hydrotherapy and massage therapy. They will learn how to apply hydrotherapy practically by using items in their own homes and how to administer both chair and Swedish massages. Topics include:

- Theory and practical use of hydrotherapy
  - Wet sheet pac
  - Fever Bath
  - Alkaline Wraps
  - Steam Sauna
  - Colonics and Enemas
  - Hot and Cold Compress
  - Different Water Therapies
  - Salt Glow
  - Facials
- Theory and practical use of chair and Swedish massage therapies

Understanding The Creators Masterpiece

This class is designed to build a scientific and biblical understanding of the human organism. Students are taught to recognize and appreciate the signature of God upon every organ, tissue and cell. "I will praise thee [God]; for I am fearfully and wonderfully made." Psalm 139:14. Topics include:

- Reasons for Studying Anatomy and Physiology
- Overview of the Anatomy and Physiology of the Human Body
- Physiology of Digestion
- The Seven Channels of Elimination
- The Immune System

God's Plan for Preservation and Restoration of Health

This subject is designed to provide instruction regarding the principles and applications of the eight Laws of Health. The student will learn the therapeutic value and application of these laws as well as the cause (and how to ascertain the cause) of disease and how to live a disease-resistant life. Topics include:

- What is GOD'S PLAN?
- The Therapeutic Value of the Eight Laws of Health
- Principles and Application of GOD'S PLAN
- Disease and its Causes
- True and False Methods of Healing

Medical Missionary Home Lifestyle Care

The principles of ministry to the sick in their homes or a home-like facility and how to transform your home into a health retreat, a place where healing can occur.

Christian lifestyle counseling

This course shows you how to do health consultations in order to be equipped to meet the needs/health concerns around you. It will prepare you to become a Christian lifestyle consultant.

A Family After God's Order

This class gives an in-depth study on how to raise a family that is according to God's principles; from infancy to caring for the elderly.

Agriculture

This class is not just a class, but a way of life. Students will have a full growing season to learn the science of agriculture as well as hands-in-dirt training in growing life-giving foods. Instruction on planting, cultivating, harvesting and preserving various types of foods will be given.

Topics include:

- Hand on training at Sanctification Farm
- Sowing and Transplanting
- An introduction to the science of gardening
- Growing and maintaining a garden
- How to make a living from farming
- Practical Christ Object Lessons in gardening
- Food preservation; canning and dehydrating
- Growing to Sell
- Selling at farmers market and to restaurants
- Value added products

Practical Training

These classes will enable you to be like the Apostle Paul the tentmaker, who had a trade to help sustain himself in ministry. It is God's plan for His workers to not only be supported, but to have a way in which to support themselves as they do the Lord's work full time. Students will choose two trades during the six month training course.

- Carpentry and Home Building
- Plumbing
- Learning how to build a fencing
- Emergency Childbirth Courses instructed by a certified nurse-midwife
- Sewing/ Dress Making and tailored garments God's way
- Farming
- Making Body Care and Home Cleaning Products
- Soap making

Note: Some of these training will take longer than 2 months to be completed and select students may inquire about our extended stay option to finish up the specific trade. These trades are also subject to instructor availability. Please contact us to find out what trades will be given for this school session.

TCI (Total Community Involvement)

Students will be required to participate in TCI programs. This program is the hands and feet of Jesus that meets the needs of the people in our community. Whether it's cleaning a yard, painting a house, or helping someone to move TCI is there to help. The purpose of this program is to reveal the love of Jesus through acts of disinterested kindness

- Personal Hygiene Items
- Paper, Pencil, Notebook, Laptop, Tablet
- Work and walking shoes
- Work clothes
- Christ Like Spirit

What not to bring

- No pets
- No weapons
- Inappropriate media or music

Dress Standards

CHRISTIAN DIGNITY & SIMPLICITY

Carelessness, sloppiness, or untidiness should be avoided as well as the opposite of extravagance. Clothing should be selected in good taste, with a pleasant, attractive appearance.

APPROPRIATENESS

Presentable, durable work clothes for physical work, modest casual attire for recreational purposes, and more dignified clothing for classes and group worships should be worn. Jeans or T-shirts are not appropriate in the classroom.
In all our attire, let us rightly represent our Lord and Savior, Jesus Christ.

- **MEN:** We encourage you to wear clothing that reflects the character of a Christian man. Therefore, please, no short pants and tight fitting clothing and clothing that expose unnecessary parts of the body. (i.e. sleeveless shirts, skinny jeans, muscle shirts)
- **WOMEN:** We encourage you to dress modestly, simply, and neatly. That which becomes a godly woman is desired. Therefore, please, no sheer blouses, sleeveless shirts, low-cut necklines, no shorts, tight fitting clothing, short dress or skirts, skirts or dresses: hemlines should cover the knees standing or sitting, with no slits above the knees, no pants (unless covered with a dress below the calves), and clothing that exposes unnecessary parts of the body. We encourage each person to be submitted to Jesus Christ who is our Head and Savior of the body. Ephesians 5:20-32
